

ANTIQUÉ MOTORCYCLE CLUB OF AMERICA

DIAMOND CHAPTER - ARKANSAS

Hi everyone!

Well here we are in the middle of winter and it seems like it will be forever until riding season rolls around. However, Mike Thomson has made good use of the winter days and has just about finished the Club project bike. All it needs now are pipes and mufflers, a good seat and speedometer and tach and it should be ready to go.

I am enclosing a picture that shows a close up of the

completed engine and it clearly shows the need for the pipes and mufflers. It looks great in spite of that.

Totally rebuilt engine!

CLASSIC 1970 TRIUMPH TIGER 650

NEW MEMBER!

WELCOME TO JAMES WADDINGTON

GUESTS AT LAST MEETING

DON JOHNSON AND JOHN MACONNELL

25 MEMBERS ATTENDED LAST MEETING!

JANUARY BIRTHDAYS

JAMES SANDAGE JEFF DEWITT NELSON EMERY

Check out the website THUNDER TV. The first episode played on the fox channel in Ft. Smith last week. Our chapter will be on the 3rd episode and we expect a copy any day so we can play it at the next meeting.

A reminder that we have rented spaces for the ABATE swap meet and bike show Feb 19-20 and we need volunteers to man the booth and recruit new members. Also we could use a couple of good folding tables to use. This will be held in Little Rock at the Hall of Industry

The next Club meeting will be this coming Sunday at Cranfords Grocery in their upstairs meeting room at 2pm. Those of you who want to grab a bite to eat get there early and grab a bite at the deli. Go to the right rear of the store and you will see steps and an elevator.

Cranfords is on Highway 5 No like you are going to Little Rock. It is on your right and across the street is a large Shell Station.

A reminder to all Members

If you wish to sell anything that is motorcycle related please take advantage of our news letter. Just e mail me a picture and some copy and I will include it in the next newsletter. Send it to claybirds@att.net

See you at the meeting!
